

Summer hair solutions

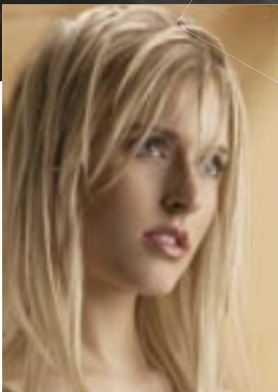

Accessorise your hair

Bikini? Check. Great dress? Check. Don't forget your warm-weather hair essentials - check out the new range from Scünci.

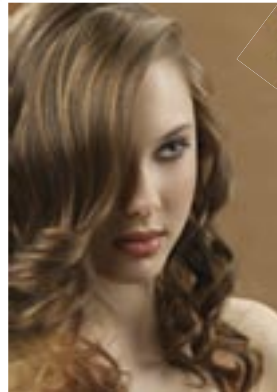

With the band

A chic tortoiseshell-look hair band keeps your hair off your face and adds interest to a simple hairstyle such as a ponytail or loose bun. For a soft and romantic feel this season, try a fine 'double' hair band.

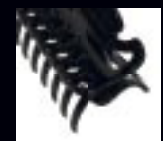

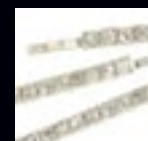

Clip art

Keep annoying strands of hair in place while making a statement with old-school clips. The perfect solution for growing out last season's bangs. Keep it classic with basic black or try a stripy pattern for a fun summer look.

To have and to hold

Warm days and balmy nights call for easy, elegant updos. Twist a ponytail into a soft bun and hold in place with a no-slip grip jaw clip. Pull some pieces of hair free to frame your face.

Scünci has all the hottest hair accessories to keep you looking cool and stylish this summer.
